

PALESTINE UNDER OCCUPATION

ISRAELI CHECKPOINT PERMIT TO PASS

The Apartheid Wall – 439 miles (when finished) – built inside occupied Palestine, stealing most of the fertile land, dividing communities, separating Palestinians from their farms, places of work and hospitals.

532 Checkpoints are scattered throughout occupied Palestine. Delays can be for several hours. They stop freedom of movement and are designed to humiliate and degrade.

Palestinians are banned from using 40+ miles of road. These can only be used by Israelis from the illegal settlements.

This is military occupation. This is apartheid.
